

## Will You Help our Frontline Heroes Feel APPRECIATED?

*We Have a Responsibility and Need to Protect, Appreciate, and Encourage our Heroes!*

**Ways to Let our Heroes KNOW They are APPRECIATED! SEND AIR HUGS TO VISIT FRONTLINE HEROES! CONTRIBUTE FINANCIAL RESOURCES** to the Sharing Hope Center, a 501(c)3).

With funds that are donated, the Sharing Hope Center will:

**1. Purchase Personal Protective Equipment** for use by medical workers and First Responders.

- 2. ORDER FOOD from local restaurants to deliver to police, fire, and medical centers.** Of course, YOUR faith community can do this as well as drop off baked goods to the Front-Line facilities. OR many police and fire departments would be happy to pick them up with No Contact, of course.
- 3. YOU can also help with personal needs.** Police, fire, and medical professionals have grass to be mowed, laundry, meals to prepare for their families. Who do you know that is a Frontline Hero? How can you serve them to show how much your faith community deeply appreciates their sacrifices?

A nurse, who is working double shifts trying to help manage patients at a treatment center, answered an ad in an online neighborhood group expressing her interest in buying a playpen that was posted to help her keep her baby safe. The little fellow has just started crawling and she has been having a very difficult time trying to do some work from home and chase after her baby.

When the seller realized why she was having a difficult time coming to purchase the playpen, there was an opportunity to show this nurse some genuine appreciation. An hour later, the playpen was delivered, given to her free of charge, and put inside her door. Words of gratitude followed. She felt appreciated!

ABOVE ALL ELSE, INCLUDING OUR OWN GOOD INTENTIONS, WE MUST HONOR AND OBEY WHAT THE HEALTH AND GOVERNMENT OFFICIALS ARE ORDERING US TO DO. Therefore, EVERY SINGLE PERSON MUST COMMIT to maintain social distancing, hand washing, at ALL times and to CORRECT the behavior of anyone they see violating it.

Please share this info with colleagues and all within your organization and share with other groups through Facebook, texts, and phone calls.

NOTIFY LOCAL MEDIA ABOUT THIS EFFORT AND WHAT YOU ARE DOING TO HELP.

**We need your help to get this in the hands of the faith-based community, friends, and family immediately. PLEASE SHARE NOW. Thank you.**

**PLEASE send photos and the number of people involved with a description how YOU gave part of The World's Biggest Hug to [SharingHopeCenter.org](http://SharingHopeCenter.org)**
